We primarily use Chapa Mbao wood, known for its durability and beautiful grain patterns. We also work with other quality hardwoods like mahogany, oak, and teak based on customer preferences and project requirements.
How long does it take to make custom furniture?
The timeframe depends on the complexity of the design and our current workload. Simple pieces may take 2-3 weeks, while more complex custom designs can take 4-8 weeks. We'll provide an estimated timeline during our consultation.
Do you offer delivery and installation?
Yes, we offer delivery and professional installation services for all our furniture. Delivery charges depend on your location. We ensure your furniture is properly assembled and positioned in your space.

We accept cash, bank transfers, and mobile payments. For larger orders, we typically require a 50% deposit to begin work, with the balance due upon completion before delivery.
